

Ankit Kumar Singh

Data Analyst

India | ankitkumarsingh.in@gmail.com | linkedin.com/in/ankitkumarsingh-in | github.com/unknown-arc

Summary

Data Analyst with a foundation in Python development, currently pursuing a B.Sc in Computer Science and Data Analytics at IIT Patna. Comfortable turning raw data into clear insights using Python, SQL, and visualization tools, with hands-on experience building small automation tools and personal projects.

Experience

Data Analyst — Freelance / Self-Employed

2025 – Present

- Analyzing datasets and building dashboards & reports using Python (Pandas, NumPy), SQL, and visualization tools like Power BI to support data-driven decisions.
- Cleaning, transforming, and automating data pipelines to turn raw data into clear, actionable insights.

Python Developer — Freelance / Self-Employed

2023 – 2024

- Built small automation scripts, tools, and personal projects in Python, sharpening core programming and problem-solving skills.
- Worked with libraries like Pandas and Matplotlib on early projects, laying the foundation for data analysis work.

Education

B.Sc in Computer Science and Data Analytics

Indian Institute of Technology Patna | Dec 2024 – Present

- Academic CPI Score: 9.12
- Excellence in Mathematics
- Member of ARCANE

Skills

Python (Pandas, NumPy, Matplotlib) • SQL • Power BI • Data Cleaning & Automation • Git/GitHub
